

**TALENT** *“Getting ahead in a difficult profession requires avid faith in yourself. That is why some people with mediocre talent, but with great inner drive, go much further than people with vastly superior talent.” -Sophia Loren*

## MUNICIPAL AND UTILITY FACILITIES

TRC currently provides on-call engineering services for the State of Arizona, the City of Phoenix, Maricopa County, and Northwind Phoenix, LLC. Projects have included district cooling systems, generator installations, and facilities remodels. Projects for other municipalities have been provided through contracts with other design professionals and direct contracts with the municipalities.

### **City of Scottsdale Corporate Yard Parking Structure Scottsdale, AZ**

This project involved the construction of a multilevel parking structure in Scottsdale, Arizona. Electrical construction drawings and specifications were provided for the structure. Design services included design of normal and emergency power supply from an existing adjacent building and lighting design. TRC worked closely with City officials to produce a structure lighting design suited to meet their needs.

### **Municipal Projects**

- ◆ Northwind District Cooling System
- ◆ City of Phoenix Goode Building 10 Floor
- ◆ City of Phoenix Police Building 2nd Floor
- ◆ Maricopa County Security Building
- ◆ Maricopa County Juvenile Administration
- ◆ City of Chandler Fire Station #8
- ◆ Chandler Fire Station #9 and Police Sub-Station
- ◆ Chandler Street Department Building

### **City of Gilbert Municipal Building II Gilbert, AZ**

The project consisted of a new 25,000 square foot two story municipal office building in Gilbert, Arizona. The building included open office space, individual offices, reception/counter area, and conference rooms. TRC provided construction drawings and specifications for the electrical distribution system, general use power, lighting, fire alarm, and power for HVAC systems.
